

Hints.

All reversal games and picture lottery requires some work -  
but it pays off.

Printet out on 160 g/m<sup>2</sup> copy paper -  
then the drawing is not seen through.

Laminate if necessary - then they last longer.

Put furniture felt pads on the back then the pieces are to crab.

Store in plastic pockets - then you can quickly find them.

If a piece gets lost or damaged, you can easily print a new page.

Enjoy :)
